About the National Level Conference:

UGC plays a key role in regulating and shaping Higher Education in India. The NEP 2020 has been launched to transform the Indian Education system using holistic development of the learners. The NEP 2020 has emphasized the promotion of Indian languages, arts and culture and has recommended blending the Indian Knowledge System into curriculums at all levels of education. The NEP 2020 provides a comprehensive and integrated strategy for the growth of the education system. The Indian Knowledge System is one of the significant aspects of the NEP curriculum. It encompasses diverse and rich heritage knowledge of India that covers various domains such as science and technology, culture, literature, philosophy, Ayurveda, Yoga, etc. The Indian Knowledge System has the potential to complement and enrich contemporary Higher Education by providing a more comprehensive understanding of human Knowledge, Civilization and Cultural heritage and bringing benefits to students, academia and society at large.

The integration of Indian Knowledge System with NEP 2020 will help to understand the underlying contemporary societal issues and to carry out further researches on these issues. The inclusion of Indian Knowledge System in higher education allows students to appreciate that knowledge is interconnected and interdependent, prompting students to view subjects in a broader context. The Indian Knowledge System results from critical thinking, logical thinking, logical reasoning and reflective inquiry.

Objectives of the conference :

The participants will be able to

- **To Integrate Indian Knowledge System for Holistic Development of Teacher Education Through NEP 2020**
